Environmental, Social, and Governance (ESG)

Elizabeth Cooke (Owner)
1440 Blake St. Suite 330
Denver CO 80202
212-741-6551

This is to confirm that The Center Origin, LLC is in compliance with:

4. Environmental, Social, and Governance (ESG) Criteria.

a. Environmental Impact Criteria

- ii. Sourcing energy from renewable energy sources, and having all electric appliances
- v. Reducing plastic intake and engaging in recycling plans

The Center Origin, LLC has all LED lighting throughout the space and has all electric appliances.

- In 2026 Energize Denver did an assessment of 1440 Blake St. The Center Origin was 100% clean, LED energy.
- The Center Origin will contribute to the common areas of the building to upgrade our energy status scheduled for 2026.
- The Center Origin has placed a recycle bin in the kitchen (2025)
- In 2026 we will add signs reminding people to recycle.
- In 2026 we will add an additional recycle bin in the reception area.
- The building provides a recycle bin in the alley behind the building designated for 1440 Blake St. Denver CO 80202.

c. Governance Criteria. If applicable, Applicants must demonstrate plans addressing corporate governance. The following are some, but by no means all, options:

- i. The board of directors of the Natural Medicine Business has gender equality... The business is woman owned.
